

Theodor Bîgu

FULL STACK DEVELOPER

Profile

I am a person who is passionate about web development and problem solving.

I believe that the key to success in the programming world is to be able to learn on your own and do your own research.

Professional Experience

JUNIOR PROGRAMMER

Ipsos Interactive Services
November 2021 - present

- Utilize custom programming languages (Javascript, jQuery, HTML, CSS and Lua) in order to extend native Questback (Tivian) capabilities both functionally and visually.

Academic Background

UNIVERSITY OF BUCHAREST FACULTY OF MATHEMATICS AND COMPUTER SCIENCE

Bachelor's Degree in Computer Science
October 2019 - present

Personal projects

LUXA FLOWER SHOP

- Luxa Flower Shop is a Full Stack E-Commerce website. This project includes a register/login system, you can browse through different products loaded from a PostgreSQL database.
- Used: EJS, CSS/SASS, PostgreSQL, Express.js.

BRAINCODE BLOG

- Braincode Blog is my personal blog where I write about my 2 passions: web development and graffiti. It was built with Next.js, Tailwind.css and GraphQL. The blog content is moderated with GraphCMS.
- Used: Next.js, Tailwind.css, GraphQL, GraphCMS.

CARAMEL POPCORN TV

- Web app built with React and Material UI meant for searching movies and TV series. You can find information about the cast and rating, a short description for each movie and also the trailer.
- Used: React.js, Material UI, TMDB APIs.

Skills Summary
