

Theodor Bîgu

FULL STACK DEVELOPER

Profile

I am a person who is passionate about web development and problem solving. I believe that the key to success in the programming world is to be able to learn on your own and do your own research.

Personal projects

BIRTHDAY REMINDER

- This project consists of HTML, SASS and vanilla Javascript. It helped me have a better understanding of the HTMLCollection and all its methods.
- Used: Javascript, HTML, SASS

CRYPTO TRACKER

- Crypto Tracker is the first project that I created using a React framework, Next.js. I have learned a lot building this site including basics of React and Next.js, fetching data from an API and how to use a React library like Framer Motion.
- Used: Next.js, SASS, CoinGecko API, Framer Motion

CARAMEL POPCORN TV

- Web app built with React and Material UI meant for searching movies and TV series. You can find information about the cast and rating, a short description for each movie and also the trailer.
- Used: React.js, Material UI, TMDB APIs

Academic Background

**UNIVERSITY OF BUCHAREST
FACULTY OF MATHEMATICS AND
COMPUTER SCIENCE**

*Bachelor's Degree in Computer Science -
October 2019 - present*

Skills Summary

- JavaScript
- React
- HTML
- SASS/CSS
- Node.js
- Java
- Express.js
- Git
- SQL
